Relationships and Services

What investment services and advice can you provide me?

Services: We offer investment advisory services to retail investors. These services include financial life planning services and investment management, when appropriate and requested. Investment management can be offered as a stand-alone service when applicable and appropriate.

We work closely with you to identify your life goals and objectives, risk tolerance, time horizon and other factors in determining our recommendations.

Accounts, Investments, and Monitoring: We provide services to individual, joint, retirement, trust and estate accounts. We primarily use mutual funds, exchange-traded funds, and independent managers in constructing portfolios. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also meet and/or speak with you at least annually, depending on your needs.

Investment Authority: We offer our services on a perpetual and non-discretionary basis, which means we are required to obtain your consent prior to executing any trades in your accounts. Therefore you will make the ultimate decision regarding the purchase or sale of investments in your accounts.

Account Minimums & Other Requirements: We do not require an account or relationship size minimum in order for you to open/maintain an account or establish a relationship. However, we require a minimal annual fee of \$5,000.

Additional Information: For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?

Fixed Fees: Our fixed annual fees for financial life services is 1.00% of your adjusted gross income plus a percentage of your net worth that ranges from 0.50% to 0.10% per year. This fee is collected on a quarterly basis and negotiable based on the nature and complexity of the services to be provided and the overall relationship with us.

Asset-Based Fees: Certain investment advisor clients are charged an asset-based fee for investment management services. These fees range from 1.20% to 0.25% annually based on a tiered schedule. This fee is collected on a quarterly basis and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. This presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will ultimately pay more in advisory fees.

Other Fees & Costs: In addition to our advisory fee, you will also be responsible for third party manager and/or platform fees, custody fees, account administrative fees, fees and expenses related to mutual funds and exchange-traded funds and applicable securities transaction fees.

Additional Information: **You will pay fees and costs whether you make or lose money on your investments.** Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when acting as my investment adviser?
How else does your firm make money and what conflicts of interest do you have?**

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.

In certain circumstances, financial professionals may recommend investment management as a stand-alone service. These financial professionals have an incentive to increase the asset size you invest with the financial professional.

Additional Information: For more detailed information, please see Item 10 – Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A available via our firm’s [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*
